VISION AND MISSION OF THE UNIVERSITY

VISION

To be a globally renowned university, recognized for excellence in teaching, innovative research, and welfare of the society, imbining the spirit of “VasudhaivKutumbkam”.

MISSION

- To introduce and implement innovation in teaching and learning process matching up the global standards to strengthen academic delivery through curriculum design, teaching pedagogy and usage of ICT.
- To develop a mechanism that attracts talented, qualified and experienced faculty from across the globe for pursuing their academic and research careers at the University.
- To offer academic programs at UG, PG, Doctoral, Post-Doctoral levels which are learner- centric, industry focused, and adhere to outcome based international models.
- To create an ambiance that is conducive for undertaking sponsored research, innovation and consultancy services to a wide spectrum of societal and industrial requirements while encouraging interdisciplinary approach of learning, team work, and research.
- To establish state of art centres of excellence in frontier areas of research and design innovation through industry collaboration to innovate and incubate the products and services.
- To establish a smart campus and promote e-governance activities in the university for the digitally empowered society and knowledge economy.
- To provide a hygienic, modern, environment friendly and vivacious campus attuned to the urgent needs of Green Technology.
- To consider and implement norms, metrics, standards, procedures and benchmarks for assessing and improving the quality in every aspect of the University system and achieve quality certifications by National and International bodies.
- To make society self-reliant by organizing various programmes including literacy, gender sensitization, health awareness, and dissemination of information about livelihood generation.

VISION AND MISSION OF THE DEPARTMENT

VISION

To train students to be highly effective instructors, researchers, and contributors to school, colleges, universities, institutions, industries and for human well being. Be regarded as a prestigious centre of scholarly achievement worldwide.

MISSION

- To advance Yoga science research and education.
- To create skilled employees for businesses and industries.
- To offer learning environments that are centered on the needs of the students in order to help them develop as people as a whole.
- To introduce summer training and research projects to strengthen academic delivery.
- To establish smart classrooms and well equipped laboratories for assessing and improving the quality in every aspect of academic and research.
- To make Students and Researchers self-reliant by organizing various programmes like Workshop, Seminars, National and International Conferences, Educational Tours and Yoga Institutions visit.

ABOUT THE PROGRAMME

Yoga is a physical, mental, and spiritual practice or discipline which originated in ancient India and is followed all over the world. Many studies have tried to determine the effectiveness of yoga as a complementary intervention for cancer, schizophrenia, asthma, and heart diseases. The tradition of Yoga has always been passed on individually from Guru to Shishya through oral teaching and practical demonstration. The formal techniques that are now known as Yoga are, therefore, based on the collective experiences of many individuals over many thousands of years. The particular manner in which the techniques are taught and practiced today depends on the approach passed down in the line of teacher supporting the individual practitioner.

Yoga is essentially a spiritual discipline based on an extremely subtle science, which focuses on establishing harmony between mind, body; thought and action; restraint and fulfillment; harmony between man and nature and a holistic approach to health and well-being. Yoga is not about exercise but to discover the sense of oneness with ourselves, the world and Nature. It is an art and science for healthy living. The word "Yoga" is derived from the Sanskrit root 'yuj' meaning "to join", "to yoke" or "to unite". Therefore the aim of Yoga is to unite the Individual consciousness with the supreme consciousness. Yoga is a science and art of living; also it is a body of techniques that lead us to consciously connect with ourselves and with life, the experience of Yoga. As Yoga is an art and science, there is no dogma or belief system attached to it. Yoga tells us to do a certain practice and feel their effect following the practice, e.g. if we breath slowly in a relaxed manner we will slow our heart rate; if we focus the mind we will develop mental peace and deep insight.

In addition to this, Yoga is becoming Popular day by day and has become a wave which is sweeping across the globe. In this course we introduce Yoga as a science of Holistic living and not merely as Yoga Postures. During the course the student is taught the concepts of Yoga for the treatment and prevention of various psychosomatic and lifestyle related ailments. This course has the vision of producing Yoga professionals so that they could teach Yoga therapy in a paramedical department of a hospital with the ability to select specific safe practice modules for different diseases and document their effectiveness for healing, health promotion, rejuvenation and age reversal through scientific research.

INTAKE IN THE PROGRAMME

The Undergraduate Programme in Yoga shall have a maximum intake of 40 students.

MINIMUM ELIGIBILITY CRITERIA

1. Academic Qualifications

- **Qualifying Examination:** Candidates must have passed the 10+2 (Senior Secondary) examination or its equivalent from a recognized Central or State Board (e.g., CBSE, HBSE, ICSE) in any stream (Arts, Science, or Commerce).
- **Minimum Marks:**
 - ❖ **General/OBC Category:** A minimum 50% aggregate marks in the qualifying examination.
 - ❖ **SC/ST/Differently Abled:** Requiring a minimum of 47.5% aggregate marks, as per University/Government guidelines.

2. Age Requirements

Candidates should generally be at least 17 years of age at the time of admission.

3. Physical Fitness Standards

- **Medical Fitness Certificate:** Since the curriculum involves intensive physical activity (Asana, Shatkarma, and Surya Namaskar), candidates must submit a medical fitness certificate from a registered medical practitioner.

K. S. Bagwal

वलवीर आचाये

Inventor

ELIGIBILITY FOR EXAMINATION

1. Attendance Requirements

- **Minimum Attendance:** A student must have attended at least 75% of the total lectures delivered in theory and 80% of the practical sessions (Yogasana, Shatkarma, and Pranayama) held separately in each subject.
- **Condonation of Shortage:** A shortage of attendance up to 10% to 15% may be condoned by the Vice-Chancellor/Head of the Department only on genuine medical grounds or for participating in National/Inter-University Yoga competitions, supported by valid documentation.
- **Detention:** Students falling below the minimum mandated attendance (after condonation) will be debarred from the semester-end examination and must repeat the course in the subsequent academic year.

2. Internal Assessment (Continuous Evaluation)

- **Qualifying Marks:** To be eligible for the final university examination, a student must secure at least 40% marks in the Internal Assessment (which includes unit tests, assignments, and departmental presentations).
- **Practical Readiness:** Students must successfully complete and submit their Practical Records/Logs and perform reasonably in the internal practical exams to demonstrate safety and proficiency in Yoga techniques.

3. Administrative Compliance

- **Fee Clearance:** No student shall be allowed to appear for the examination unless they have cleared all departmental dues, library fines, and examination fees.
- **Conduct:** The candidate must maintain a satisfactory record of conduct and discipline throughout the semester. Any student found guilty of gross indiscipline or "anti-yogic" conduct may be restricted from appearing in the examination.

4. Special Provisions for Yoga

- **Medical Fitness:** If a student sustains a physical injury during the semester that prevents them from performing practicals, they must notify the Department immediately. Eligibility for the practical examination will be decided based on a medical assessment and the student's ability to explain/demonstrate theory vs. physical performance.

DURATION FOR PASSING THE PROGRAMME

1. Standard and Maximum Duration

- **Normal Duration:** The Bachelor's degree programme (Honours/Honours with Research) is spread over four academic years, consisting of 8 semesters.
- **Maximum Timeframe:** As per NEP 2020 and University norms, students must complete the requirements for the 4-year degree within a maximum period of 7 years from the date of initial admission.
- **Minimum Duration:** A student cannot be awarded the 4-year degree in less than 4 academic years (8 semesters) of continuous study.

2. Multiple Exit and Entry Options

In alignment with the flexible structure of NEP 2020, students may exit the programme with the following certifications:

- **Undergraduate Certificate in Yoga:** Awarded after successful completion of Year 1 (Semesters 1 & 2) and a vocational/exit requirement of 4 credits.
- **Undergraduate Diploma in Yoga:** Awarded after successful completion of Year 2 (Semesters 3 & 4) and a vocational/exit requirement of 4 credits.
- **Bachelor of Science/Arts (Yoga):** Awarded after successful completion of Year 3 (Semesters 5 & 6).
- **Bachelor's Degree (Honours/Research) in Yoga:** Awarded after successful completion of the full Year 4 (Semesters 7 & 8).

3. Re-entry Provisions

- **Academic Bank of Credits (ABC):** Students who exit with a Certificate or Diploma may re-enter the programme within three years of their exit to complete the next level of the degree, provided their earned credits are valid in the Academic Bank of Credits.
- **Gap Year:** Students are permitted one "Gap Year" during the entire programme, provided the total duration for completion does not exceed the maximum limit of 7 years.

4. Promotion and Credit Requirements

- **Semester Progression:** A student is generally promoted to the next semester provided they meet the minimum attendance and internal assessment requirements.
- **Degree Completion:** To pass the 8-semester programme, a student must earn the total number of credits (typically 160 credits for a 4-year degree) as specified in the Credit Framework of the University.

PASSING CRITERIA

1. Minimum Qualifying Marks

- **Theory Papers:** A student must secure a minimum of 40% marks in each theory paper (inclusive of internal assessment and end-semester examination).
- **Practical Examinations:** Due to the technical nature of Yoga, a student must secure a minimum of 50% marks in the practical examination to be declared "Pass" in that component.
- **Aggregate Requirement:** A student is required to maintain a minimum semester grade point average (SGPA) of 4.0 to be promoted to the next semester.

2. Grading System (Relative or Absolute)

The evaluation will follow the 10-Point grading system as recommended by the UGC for NEP-aligned programmes:

Letter Grade	Grade Point	Performance
O (Outstanding)	10	90% and above
A+ (Excellent)	9	80% - 89%
A (Very Good)	8	70% - 79%
B+ (Good)	7	60% - 69%
B (Above Average)	6	50% - 59%
C (Average)	5	45% - 49%
P (Pass)	4	40% - 44%
F (Fail)	0	Below 40%
Ab (Absent)	0	0

3. Internal Assessment Compliance

- No student will be considered "pass" if they fail to complete the internal assessment requirements, which include assignments, unit tests, and field work/practicum records.
- Marks obtained in internal assessment will be carried forward in case of a reappear in the end-semester examination.

4. Provisions for Reappear (Backlog)

- **Academic Progression:** A student who fails in more than 50% of the subjects in a semester may be detained as per University-specific NEP ordinances.
- **Improvement:** Students securing a 'P' or 'C' grade may be allowed to appear for improvement in subsequent semesters, subject to the "Maximum Duration" clause (7 years).

5. Credit Accumulation & Award of Degree

- **Successful Completion:** A degree is awarded only when the student earns the total required credits (e.g., 160 credits for an 8-semester Honours degree) as defined in the programme structure.
- **Non-Credit Courses:** Students must also obtain a "Satisfactory" or "Pass" grade in mandatory non-credit courses (like Environmental Studies or Value Education) as prescribed by the university.

PROGRAMME EDUCATIONAL OBJECTIVES (PEOs)

PEO1	To produce competent Yoga professionals who possess a deep understanding of classical Yogic texts and their application in modern life.
PEO 2	To enable graduates to integrate traditional Yoga systems with modern medical and psychological sciences for holistic health management.
PEO 3	To foster leadership qualities and entrepreneurial skills, allowing graduates to establish and manage Yoga centers or wellness enterprises.
PEO 4	To instill a spirit of social responsibility and community service through the propagation of Yoga for universal well-being (Sarve Bhavantu Sukhinah).
PEO 5	To prepare graduates for advanced research and academic excellence in the field of Yogic sciences and allied disciplines.

PROGRAMME LEARNING OUTCOMES (PLOS)

The overall aims of the programme may be achieved by addressing its various components that are incorporated into the curriculum as described below. Each of these components is designed to lead to specific outcomes that are desired after the successful completion of the programme.

PLO 1	Disciplinary Knowledge	Apply fundamental concepts, principles, and theories of the discipline to understand phenomena and their applications.
PLO 2	Effective Communication	Communicate ideas, methods, and results effectively through oral, written, graphical, and digital formats.
PLO 3	Teamwork & Collaboration	Function effectively as an individual, team member, or leader in multidisciplinary and collaborative environments.
PLO 4	Social Responsibility & Ethical Awareness	Apply methods and reasoning appropriate to the discipline to assess issues related to society and the consequent responsibilities relevant to professional practice.
PLO 5	Lifelong Learning	Engage in self-directed learning and adapt to emerging knowledge, technologies, and professional demands throughout life.
PLO 6	Integrity & Professional Ethics	Demonstrate integrity, ethical conduct, and professional responsibility in academic, research/practice, and professional activities.
PLO 7	Scientific Inquiry and Research	Formulate research questions, apply appropriate research methods, analyse data, and draw evidence-based conclusions in accordance with ethical research practices.
PLO 8	Problem Solving	Identify and analyse social issues and apply disciplinary knowledge to develop informed, context-specific, and evidence-based solutions.
PLO 9	Critical and Analytical Thinking	Critically evaluate theories, evidence, and Policies using logical reasoning to interpret social phenomena and make well-informed judgments.

Entrepreneurship	Promotes yoga, wellness, and holistic health-based entrepreneurial ventures.	8

Skill Enhancement	Enhances practical skills in Shatkarma, Asana, Mudra, Bandha, Pranayama, Dhyana, and Samadhi.	8
Communication Development	Improves instructional, demonstration, and interpersonal communication skills in yoga.	7
Indian Knowledge System	Imparts classical Hatha Yoga knowledge from the Gheranda Samhita.	8
Environmental Awareness/SDGs	Encourages sustainable lifestyle, healthy living, and SDG 3 (Good Health and Well-being).	7
Current Issues and Social Awareness	Promotes yoga for managing stress, lifestyle disorders, and mental well-being.	7
Gender issues	Encourages equal participation and inclusivity in yoga practices.	7
Public Policies	Supports NEP 2020, Ministry of AYUSH initiatives, Fit India Movement, and National Health Policy.	7
Any Other	Promotes ethical values, self-discipline, holistic personality, and spiritual development.	8

Part A – Introduction			
Name of the Programme	Yoga		
Semester	3rd		
Nature of Course/Course Composition	Theory + Practical		
Nomenclature of the Course	Yogic Anatomy and Physiology-I		
Course Code	26L5.0-YOG-302		
Course Level	200-299		
Course Type	MCC		
Pre-requisite for the course (if any)			
Course Learning Outcomes (CLOs) after completing this course, the learner will be able to:	CLO ₁	Explain the basic anatomy and physiology of the human body and its organization.	
	CLO ₂	Describe the skeletal, joint, and muscular systems and their yogic applications.	
	CLO ₃	Explain the structure and functions of blood and the digestive system with reference to yoga.	
	CLO ₄	Describe the circulatory system and evaluate the effects of yogic practices on cardiovascular health.	
	Theory	Practical	Total
Credits	3	1	4
Teaching hours per week	3	2	5
Internal Assessment Marks	25	05	30
End Term Exam Marks	50	20	70
Max. Marks	75	25	100
Examination Duration (in Hours)	3	3	
Part B- Contents of the Course			
<u>Instructions for Theory Paper-Setter</u> The paper setter shall prepare 7 questions selecting two questions from each of the three units with consideration given to the Course Learning Outcomes. Among these, question number 1 will be a compulsory question comprising 4 short answer type questions carrying two marks each (total 08 marks) and covering the entire syllabus. The remaining questions will be carrying 14 marks each. Examinees will be required to attempt four questions: the compulsory question no. 1 and 1 question from each of the three units.			
<u>Instructions for Practical Examiner</u> Write-up and execution of the practical will be conducted as per the nature of the practical by the external examiner, with consideration given to the Course Learning Outcomes.			
	Topics	CLO/s Attempt	Contact Hours
Unit-I	An Introduction: - Anatomy & Physiology: Introduction, Need and Importance in the field of Yoga. - General introduction of human body. Cell: Introduction of Cell, Tissue, Organ and System, Microscopic Structure and Functions of Cell. Tissue: Introduction, Classification, Structure, Functions and Types	1	15

Unit-II	• Skeletal System: Introduction of Skeletal system, Classification of Bones and effect of Yogic Practices on it. • Joints and its Classification, effect of Yogic Practices on it. • Muscular System: Introduction, Classification, Functions of muscles and effect of Yogic Practices on it. • Blood: Composition, Function, Coagulation and Blood Group	2	15		
Unit-III	• Digestive System: Introduction, Structure and Functions, digestion of food (Absorption and Assimilation of food) effect of Yogic Practices on it. • Circulatory System: Introduction, Structure and Function of heart, Types of Circulation and effect of Yogic Practices on it. • Blood Pressure, Technique of measurement and effect of Yogic Practices on it.	3	15		
Practical	• Skeletal and Muscular Systems: Bones, joints, muscles, and effects of Yogic practices. • Blood and Digestive System: Blood Composition, digestion, and effects of Yogic practices. • Circulatory System: Heart, circulation, blood pressure, and effects of Yogic practices.	4	30

Part A – Introduction			
Name of the Programme	Yoga		
Semester	5th		
Nature of Course/Course Composition	Theory + Practical		
Nomenclature of the Course	Yoga Upanishad-I		
Course Code	26L5.5-YOG-501		
Course Level	300-399		
Course Type	CC-5 MCC-9		
Pre-requisite for the course (if any)			
Course Learning Outcomes (CLOs) after completing this course, the learner will be able to:	CLO ₁	Explain Dhyanyoga and self-realization practices of Swetashvatara Upanishad.	
	CLO ₂	Describe Prana, Kundalini, Saraswati Chalana, and Kumbhaka practices of Yogkundalini Upanishad.	
	CLO ₃	Understand six limbs of Yoga and their benefits according to Yogchudamani Upanishad.	
	CLO ₄	Apply Ashtanga Yoga, Pranayama, mantra chanting, and meditation practices from Yoga Upanishads.	
	Theory	Practical	Total
Credits	3	1	4
Teaching hours per week	3	2	5
Internal Assessment Marks	25	05	30
End Term Exam Marks	50	20	70
Max. Marks	75	25	100
Examination Duration (in Hours)	3	3	

Part B- Contents of the Course

Instructions for Theory Paper-Setter

The paper setter shall prepare 7 questions selecting two questions from each of the three units with consideration given to the Course Learning Outcomes. Among these, question number 1 will be a compulsory question comprising 4 short answer type questions carrying two marks each (total 08 marks) and covering the entire syllabus. The remaining questions will be carrying 14 marks each. Examinees will be required to attempt four questions: the compulsory question no. 1 and 1 question from each of the three units.

Instructions for Practical Examiner

Write-up and execution of the practical will be conducted as per the nature of the practical by the external examiner, with consideration given to the Course Learning Outcomes.

	Topics	CLO/s Attempt	Contact Hours
Unit-I	Swetashvatar Upanishad: • Techniques and importance of Dhyanayoga, • Suitable place for Dhyanayoga, • Prior symptoms of Yogsiddhi, • Techniques of Realization (Karmayoga, Upasanayoga, Jnanayoga);	1	15

Part A – Introduction			
Name of the Programme	Yoga		
Semester	6th		
Nature of Course/Course Composition	Theory + Practical		
Nomenclature of the Course	Yogic Psychology		
Course Code	26L5.5-YOG-604		
Course Level	300-399		
Course Type	DSE-4		
Pre-requisite for the course (if any)			
Course Learning Outcomes (CLOs) after completing this course, the learner will be able to:	CLO ₁	Explain the fundamental concepts of Yogic Psychology.	
	CLO ₂	Describe the nature of mind and its modifications.	
	CLO ₃	Apply Yogic techniques for mental health and personality development.	
	CLO ₄	Demonstrate practical skills in Yogic psychological practices for self-management.	
	Theory	Practical	Total
Credits	3	1	4
Teaching hours per week	3	2	5
Internal Assessment Marks	25	05	30
End Term Exam Marks	50	20	70
Max. Marks	75	25	100
Examination Duration (in Hours)	3	3	
Part B- Contents of the Course			
<u>Instructions for Theory Paper-Setter</u>			
The paper setter shall prepare 7 questions selecting two questions from each of the three units with consideration given to the Course Learning Outcomes. Among these, question number 1 will be a compulsory question comprising 4 short answer type questions carrying two marks each (total 08 marks) and covering the entire syllabus. The remaining questions will be carrying 14 marks each. Examinees will be required to attempt four questions: the compulsory question no. 1 and 1 question from each of the three units.			
<u>Instructions for Practical Examiner</u>			
Write-up and execution of the practical will be conducted as per the nature of the practical by the external examiner, with consideration given to the Course Learning Outcomes.			
	Topics	CLO/s Attempt	Contact Hours
Unit-I	Introduction to Yogic Psychology - Meaning, nature and scope of Yogic Psychology. - Concept of mind (Manas), intellect (Buddhi), ego (Ahamkara) and consciousness (Chitta). - Yogic concept of personality. - States of consciousness: Jagrat, Swapna, Sushupti and Turiya. - Relationship between Yoga and modern psychology.	1	15

Unit-II	Mind and Mental Modifications - Chitta and Chitta Vrittis. - Kleshas: Avidya, Asmita, Raga, Dvesha and Abhinivesha. - Gunas (Sattva, Rajas and Tamas) and personality. - Samskara, Vasana and Karma. - Mental health from the Yogic perspective.	2	15		
Unit-III	Yogic Management of Mind - Ashtanga Yoga as psychological discipline. - Role of Yama and Niyama in personality development. - Dharana, Dhyana and Samadhi for mental well-being. - Yogic practices for stress, anxiety and emotional balance. - Applications of Yogic Psychology in education and daily life.	3	15		
Practical	Yogic Psychology Practices - Practice mindfulness, concentration, meditation and relaxation techniques for mental well-being. - Maintain a reflective journal on emotions, thoughts and behavioural changes through Yogic practices. - Demonstrate Yogic counselling, self-observation and stress-management techniques.	4	30

Part A – Introduction			
Name of the Programme	Yoga		
Semester	7th		
Nature of Course/Course Composition	Theory + Practical		
Nomenclature of the Course	Research Paper Writing		
Course Code	26L6.0-YOG-703		
Course Level	400-499		
Course Type	CC-H3		
Pre-requisite for the course (if any)			
Course Learning Outcomes (CLOs) after completing this course, the learner will be able to:	CLO ₁	Explain the fundamentals of research paper writing.	
	CLO ₂	Develop skills for research design and academic writing.	
	CLO ₃	Apply citation, referencing and ethical research practices.	
	CLO ₄	Prepare and present a structured research paper.	
	Theory	Practical	Total
Credits	3	1	4
Teaching hours per week	3	2	5
Internal Assessment Marks	25	05	30
End Term Exam Marks	50	20	70
Max. Marks	75	25	100
Examination Duration (in Hours)	3	3	
Part B- Contents of the Course			
Instructions for Theory Paper-Setter			
The paper setter shall prepare 7 questions selecting two questions from each of the three units with consideration given to the Course Learning Outcomes. Among these, question number 1 will be a compulsory question comprising 4 short answer type questions carrying two marks each (total 08 marks) and covering the entire syllabus. The remaining questions will be carrying 14 marks each. Examinees will be required to attempt four questions: the compulsory question no. 1 and 1 question from each of the three units.			
Instructions for Practical Examiner			
Write-up and execution of the practical will be conducted as per the nature of the practical by the external examiner, with consideration given to the Course Learning Outcomes.			
	Topics	CLO/s Attempt	Contact Hours
Unit-I	Fundamentals of Research Writing - Meaning, objectives and types of research. - Research process and formulation of research problems. - Review of literature and research ethics. - Structure and components of a research paper.	1	15
Unit-II	Research Paper Preparation - Selection of research topic and objectives. - Research methodology and data collection methods. - Citation, referencing and plagiarism awareness. - Academic writing style and formatting.	2	15

Unit-III	Research Paper Presentation • Data analysis and interpretation. • Tables, figures and research findings. • Abstract, conclusion and discussion writing. • Publication process and journal selection.	3	15		
Practical	• Prepare a research paper draft on a Yoga-related topic. • Practice referencing, citation and plagiarism checking. • Present research findings through seminars.	4	30		
	Contact Hours	75

Part A – Introduction		
Name of the Programme	Yoga	
Semester	8th	
Name of the Course	Dissertation/Project Work	
Course Code	26L6.0-YOG-807	
Course Level	400-499	
Course Type	Research	
Pre-requisite for the course (if any)		
Course Outcomes (COs) After completing this course, the learner will be able to:	CLO ₁	Demonstrate the ability to identify and formulate a relevant research problem in the field of Yoga.
	CLO ₂	Apply appropriate research methodology, tools and techniques for collection and analysis of data.
	CLO ₃	Critically analyse and interpret research findings and draw logical conclusions based on the results.
	CLO ₄	Prepare and present a well-structured dissertation/project report following ethical standards and University guidelines.
	Total	
Credits	12	
Max. Marks	300 (Report of dissertation- 200 marks + Open Viva Voce- 100	
Part B – Guidelines for the Dissertation Work/Project Work		

CLO ₃	3	1	1	1	2	2	1	2	2
CLO ₄	3	1	-	2	3	2	1	2	2

Content Mapping with NEP thrust areas

Field	Content/s	Hours Devoted
Employability/Entrepreneurship	Research aptitude, project planning, professional research skills, and opportunities for entrepreneurship in Yoga and wellness research.	15
Skill Enhancement	Identification of research problems, literature review, research methodology, data collection, statistical analysis, interpretation and report writing.	90
Communication Development	Academic writing, preparation of dissertation, presentation of research findings and viva voce skills.	30
Indian Knowledge System	Exploration and research-based study of traditional Indian knowledge, Yogic texts, philosophy and indigenous practices.	30
Environmental Awareness	Study of the relationship between Yoga, lifestyle, health and environmental sustainability.	10
Current Issues and Social Awareness	Research on contemporary health, lifestyle, stress, mental well-being and other social issues through Yogic interventions.	20
Women Empowerment/ Gender issues	Research perspectives related to women's health, gender equality and the role of Yoga in empowerment and well-being.	10
Public Policies	Study of relevant national policies, programmes and guidelines related to health, education, Yoga and research.	10
Any Other	Research ethics, plagiarism awareness, publication ethics and dissertation viva preparation.	25
