About The University

Indira Gandhi University Meerpur, Rewari was established on September 7, 2013. The University is committed to work vigorously for the all-round personality development of students by making them not just outstanding professionals but also good individuals with ingrained human values. The university campus is situated in village Meerpur at a distance of 10km from the District headquarter of Rewari, and is about 300 Kms from Chandigarh, the State capital. It is well connected both by rail as well as road, spread over about 100 acres of land in lush green area and is well laid with state of art buildings. Before coming into existence as an independent State University it was working as Indira Gandhi Post Graduate Regional Centre of Maharishi Dayanand University, Rohtak which was established on 3rd Oct., 1988.

About The Seminar

The objective of the seminar is to bring together nanomaterial scientists and nanotechnologists from all around the country and to provide a platform to build future collaborative activities. The conclusions will provide a direction towards further research and development in the area of nanomaterials and its applications in other branches of science, engineering and technology. The seminar shall serve as a forum for fruitful deliberations and exchange of ideas to a wide audience of distinguished researchers and students. The seminar will consist of plenary talks by subject experts.

Representative areas of the seminar include, but not restricted to:

- Nanomaterials and synthesis
- Properties of nanomaterials
- Tools and techniques for the characterisation of nanomaterials
- Applications of nanomaterials in various sectors
