

BACHELOR OF PHARMACY (B. PHARM)

The aim of the course is to provide comprehensive training and knowledge to the students so that he/she will be able to work in industry, drug stores, clinical set ups, drug control organizations, academic and research sectors in pharmaceuticals. At the end of the course, he/she will be able to perform the following:

PO1-Demonstrate the knowledge, skills, and abilities required for dispensing, manufacturing, and evaluation of pharmaceuticals.

PO2-Practice as pharmacist in a manner consistent with established legal standards, professional behavior, and ethical guidelines.

PO3-Using the acquired practical skills in the synthesis, analysis, formulation, quality assurance and promotion & marketing of pharmaceutical products.

PO4-Understanding the applied aspects of pharmaceutical science after being equipped with the sound knowledge of basic subjects like anatomy, physiology, mathematics, and chemistry.

PO5-Critical Thinking: Take informed actions after identifying the assumptions that frame our thinking and actions, checking out the degree to which these assumptions are accurate and valid, and looking at our ideas and decisions (intellectual, organizational, and personal) from different perspectives.

PO6-Effective Communication: Speak, read, write and listen clearly in person and through electronic media in English and in one Indian language, and make meaning of the world by connecting people, ideas, books, media and technology.

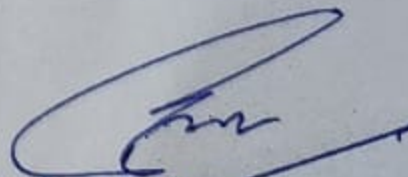

PO7-Social Interaction: Elicit views of others, mediate disagreements and help reach conclusions in-group settings.

PO8-Effective Citizenship: Demonstrate empathetic social concern and equity centered national development, and the ability to act with an informed awareness of issues and participate in civic life through volunteering.

PO9-Ethics: Recognize different value systems.

PO10-Environment and Sustainability: Understand the issues of environmental contexts and sustainable development.

PO11-Self-directed and Life-long Learning: Acquire the ability to engage in independent and life-long learning in the broadest context socio-technological changes.
