Dear Dr. S.K. Gakkhar Ji

Namaskar

Subject:- Restructuring curriculum of various courses from the session 2020-21.

There is a wide agreement amongst the academicians and academic administrators that the course content of Under-Graduate and Post-Graduate courses need to be reviewed and restructured more frequently. Pandemic of COVID-19 has necessitated the creation of a New Normal. It is our responsibility as academic leaders of the Colleges and Universities to ensure that the higher education becomes more relevant and meaningful for the New Normal.

May I request you to facilitate the meetings of the Boards of Studies of all the courses with an objective of reviewing and restructuring the course content. Following issues may be considered by the Board of the Studies and Academic Councils:

1. Identification of the topic in terms of:
 - (i) digital self learning
 - (ii) digital aided learning
 - (iii) digital and classroom learning
 - (iv) classroom and lab learning
2. Professional ethics of subject concerned and general values
3. Course curriculum to have focus on livelihood earning methods related to subject concerned.
4. Blending of Indian knowledge system with the existing knowledge systems.

Kindly have more representation from professionals and college teachers as special invitees. If required the Council can help to identify the subject matter experts.

Council plans to put all syllabi of all Universities on single digital platform for the benefit of students and teachers. You may like to fix the deadline for reviewing and restructuring all syllabi by the middle of the July, 2020. Please send the course content as soon as and when approved by Academic Council.

Thanking you,
Best wishes.

(Prof. B.K. Kuthiala)
